WE HAVE HEARD FROM MAINE. The result of the late election in Maine has given the Republicans a largely increased majority over the former years. We are glad of it. We are glad that the tricksters and cowards who form the opposition to the Republican party in Maine, and who for years have been trying to effect a fusion between Democrats and Greenback men of that State, have received it this time plump in the nose. The Greenback men all over the country from Cape Cod to Greaser Point, and from Oregon to the Florida reefs, know that there is no life nor germ of resurrection; no fidelity to principle to be found anywhere in the manage-ment of the Democratic party of the United States, and yet they are led around by the nose until they are herded in squads and then injected as stuffing into the Democratic goose, forgetting all the while that bowelstuffing is not brains. We are glad the fusionists of Maine have been defeated. Our prayer has been answered, and we again pray to God that whenever and wherever Greenback men depart from principle and are willing to effect a fusion with old-time tricksters that they will be de-feated until there shall not be enough of them left to hold a wayside caucus.

This holding fast to the old idea that a great, strong, progressive party in power is to be whipped out of its fortresses by a Falstaffian army of soothsayers, tricksters, beer guzzlers, free-lunch fiends, bummers and fusionists generally, is nothing more than for a corpse to hold fast to the rope by which its coffin is being low-ered into a grave.
